Preaching in the new building at N'agaria

Below is the new location of the church in N'agaria. Love Mercy donated funds to help them purchase the land, and construct the new building.

Encouraging the saints at the Kanyao "Tent of Prayer"

Last July, Mary and I traveled to Kanyao, West Pokot for the drilling of a Love Mercy well. There we meet with a local senior chief who asked us to help him reach his people for Christ. We decided to pull together the 12 small churches in the area for unity and prayer. It has been almost 5 months now and the Christians have been constantly praying 24-7. They take 2 hour shifts and pray through out the night. We believe that such prayers and unity will usher in revival in this area very soon. We are planning a leadership conference here on December 7 thru the 9th. I hope to have a special newsletter soon just on the work in West Pokot.

Preaching in the Church at Kipsina

This is Pastor Sammy's church, a local board member of Love Mercy.

Teaching a Widow's Group outside of the city of Kitale

Jacob with his first message at a Church north of Thika Town

Outside West FM Radio Station

I was invited to speak on a radio program here in Bungoma Kenya. The message, on our union with Christ, was broadcast to a 100 miles radius which reached all the way into Uganda.

We ministered here at the "Purpose Driven Church" inside Kitale. The message was well received and we are invited back to preach whenever possible. They kept calling me Rick Warren, but I assured them that he was a different Rick!

Farming Project in West Pokot

Boaz from Love Mercy teaches intensive farming for the community garden.

This garden is mainly for those who have given themselves to the 24 hour “Tent of Prayer”. Presently, they have no vegetables to eat. Their only food is a little maize, goat’s meat, and camel’s milk.
